

# BABY BOTTLE CAMPAIGN

**DesOrmeaux Foundation, Inc.**

**Sponsoring Our Local Pregnancy Resource Center and our home for  
homeless pregnant mothers.**

## [Baby Bottle Campaign](#)

You can be a part of helping to end abortion in your community, give hope to a woman facing an unexpected pregnancy and give life to an unborn child.

To end abortion it takes more than telling the young lady who has an unplanned pregnancy that she should not have an abortion. From a practical standpoint, as well as from a Christian charity standpoint, we must do all in our power to help her through this pregnancy.

The Baby Bottle Campaign does this. Through this campaign you can help provide consultations, pregnancy tests, ultrasound exams, adoptions, parenting and nutrition workshops, assistance with baby items and mother's items, chastity programs, post abortion healing and some financial assistance. And in September 2009 a new project opened to provide shelter, food, clothing and personal support to homeless pregnant women. All these services are **free of charge** to the client.

After receiving the above services and counseling, over 90% decided **not** to have an abortion and chose life for their unborn child. You can save a LIFE today and have fun doing by participating in the [Baby Bottle Campaign](#).

Please, take an empty Baby Bottle  
after Mass today and return it to  
church next Sunday  
with your donation!
